throughout the value
chain

OUR SUSTAINABILITY JOURNEY HIGHLIGHTS

CERTIFICATION AND PRODUCT SAFETY at a glance

OUR HERITAGE. OUR FUTURE.

For over 160 years, we have been an active industrial supplier of exclusive woven and knitted fabrics for the worldwide market. The entire weaving, knitting and finishing process takes place in our own factory in the Netherlands. A reliable manufacturer with a growing focus on sustainability, transparency, and responsible sourcing.

For more information on our sustainability efforts and initiatives, please visit our website at www.vanheektextiles.com/sustainability.
